

The Management of **OMNITEC SYSTEMS, S.L.** establishes this **Quality Policy** as the reference framework for its Quality Management System (QMS), based on the requirements of **UNE-EN ISO 9001:2015**, with the objective of ensuring customer satisfaction, continuous improvement, and excellence in our products and services.

Our commitment is based on the following principles:

1. Customer focus

- Ensure that products and services meet applicable requirements and satisfy customer expectations, providing reliable, safe, and high-quality solutions.

2. Compliance with requirements

- Comply with applicable legislation, regulations, and other requirements related to quality, product, and safety, extending these criteria to suppliers and subcontractors.

3. Process approach and effective management

- Manage activities through a process-based approach, considering risks and opportunities to ensure the effectiveness of the Quality Management System.

4. Continuous improvement

- Periodically review the Quality Management System, establish objectives consistent with this Policy, and promote innovation, digitalization, and standardization as tools for improvement.

5. Competence, training, and participation

- Ensure personnel competence through appropriate training and encourage the involvement of the entire organization in performance improvement.

6. Communication

- Ensure that this Policy is communicated, understood, and applied at all levels of the organization and made available to relevant interested parties.

The Management of **OMNITEC SYSTEMS, S.L.** is committed to providing the necessary resources to implement, maintain, and continuously improve the Quality Management System, actively leading its compliance throughout the organization.

José María Porta

General Management – **OMNITEC SYSTEMS, S.L.**
